Subject: Amended Reregistration Label  
Product Name: ActiveGuard™ Mattress Liner  
EPA Registration Number: 82123-1  
EPA Decision Number(s): 413195

Dear Mr. Wright

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Permethrin RED(s), and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated [June 29, 2012]

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Dani Daniel at (703)305-5409 or via e-mail at [daniel.dani@epa.gov](mailto:daniel.dani@epa.gov)

Sincerely,

Richard J. Gebken

ActiveGuard™ Mattress Liners, manufactured with patented ActiveGuard™ Technology, are soft, comfortable, completely odorless and easy to use.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply on bedding, e.g. mattress, air mattress, box spring, sofa bed, etc.

[For both dust mite and bed bug]

Fit the ActiveGuard™ Mattress Liner over the bedding. Pull down on the edges of the liner to insure a tight fit against bedding. Place another surface such as mattress pad, barrier encasement or bottom sheet over the mattress liner.

If the liner is installed for house dust mites: after eight (8) weeks remove the ActiveGuard™ Mattress Liner and vacuum your bedding thoroughly while ventilating the room. Removing the liner to vacuum the bedding is not required for liners installed for bed bugs. For best results, use new filters and fresh bags in your vacuum cleaner. If you suffer from dust mite induced allergies, have someone else vacuum your mattress.

Re-apply the ActiveGuard™ Mattress Liner on your bedding immediately, and then leave the mattress liner undisturbed for two (2) years. No need for further removal or vacuuming.

Note: Washing the ActiveGuard™ Mattress Liner removes the active ingredient and reduces the effectiveness of the product against dust mites and bed bugs.

Follow the above directions for re-applying or fitting a new mattress liner.

For best results, replace with a new ActiveGuard™ Mattress Liner every 18 months.

Note: Wash hands immediately after applying or fitting the ActiveGuard™ Mattress Liner.

PRODUCT RANGE

ActiveGuard™ Mattress Liners come in a range of sizes to accommodate most standard mattress sizes - (Single/Twin, Double/Full, Queen and King).
